

*Co-Sponsors Bill to Cancel Automatic Pay Raise*

April 27, 2010

WASHINGTON D.C. - Today, Congressman Charlie Melancon (LA-03) stood up for working Louisianians and fought again to cancel a scheduled automatic pay raise for Members of Congress. H.R. 5146, co-sponsored by Congressman Melancon, passed the U.S. House of Representatives with strong bipartisan support. The bill will cancel the scheduled pay raise for fiscal year 2011.

**"Middle class Louisianians don't get an automatic pay raise every year, and their elected officials shouldn't expect any different," said Rep. Melancon. "Serving the people of Louisiana in Congress has always been a privilege for me. I urge my colleagues not to abuse the trust of the people they serve by allowing another hidden pay raise to take effect."**
